

Bay Area Urban Manufacturing

INITIATIVE

A PROJECT OF SFMADE

HODO

The Bay Area Urban Manufacturing Initiative is a 30 city coalition that is building a more powerful and interconnected regional manufacturing ecosystem.

At the Bay Area Urban Manufacturing Summit we highlight the strength, diversity, and versatility of manufacturing in the region with speakers ranging from artisanal to cutting edge manufacturers and the cities and communities that nurture them.

This year, join over 400 stakeholders at the Bay Area Urban Manufacturing Summit to partner with this growing collaboration to cultivate local middle-income jobs and to create a diverse regional economy.

We invite you to sponsor the **Bay Area Urban Manufacturing Summit**, a celebration of local manufacturing and regional collaboration.
